Lester Brown's Plan B-Mobilizing to Save Civilization is a new 1.5-hour documentary of the fourth edition of his path-breaking assessment of the global sustainability challenge and proposal for an effective response. It is the basis for his current capstone campaign of a 40-year career as one of the world's preeminent, pioneering global environmental advocates and sustainability experts. This is an excellent, comprehensive presentation of the global sustainability challenge and needed response. Check PBS for [local show times](#) OR [watch online](#).
